Subject: Hazardous Area Module Training (HAM)

Importance: High

Good day Johan,

We do Electrical and Pump & Tank work on Sasol Sites all over the country, we recently had a Technical Assessment by Sasol and a finding was raised for the fact that none of our employees have ever done the (HAM) training, the closest to that is they have done the Safety Passport training.

Can you please let know what I need to do in order to book our employees for this training, when is the next session, where will it be held and what will the cost be.

Thanks and regards

Corrie Lotz
SHEQ Officer
